Independent Auditor's Report

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Kenton County, Kentucky, as of and for the year ended June 30, 2006, which collectively comprise the County's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the Kenton County Fiscal Court. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Kenton County Golf Course, which represent 100% of the assets and revenues of the business-type activities and major enterprise fund. We also did not audit the financial statements of Kenton Housing, Inc., which represent 100% of the assets and revenues of the discretely presented component unit. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for Kenton County Golf Course and Kenton Housing, Inc., is based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, and the Audit Guide for Fiscal Court Audits issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinions.

As described in Note 1, Kenton County, Kentucky, prepares its financial statements on a prescribed basis of accounting that demonstrates compliance with the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

The financial statements of the Kenton County Golf Course, an enterprise fund and Kenton Housing, Inc., a discretely presented component unit, are presented in accordance with the accrual basis of accounting and therefore include certain accruals required by accounting principles generally accepted in the United States of America that are not presented in accordance with the modified cash basis. The amounts by which these accruals affect the financial statements is not reasonably determinable.

AN EQUAL OPPORTUNITY EMPLOYER M / F / D

To the People of Kentucky
Honorable Steven L. Beshear, Governor
Jonathan Miller, Secretary
Finance and Administration Cabinet
Honorable Ralph Drees, Kenton County Judge/Executive
Members of the Kenton County Fiscal Court

In our opinion, based on our audit and the reports of other auditors, except for the effects of such adjustments, if any, as might have been determined had the Kenton County Golf Course and Kenton Housing, Inc., been prepared using the same basis of accounting as Kenton County, Kentucky, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, the discretely presented component unit, and the major enterprise fund of Kenton County, Kentucky as of June 30, 2006 and the respective changes in financial position and cash flows, thereof for the year then ended in conformity with the basis of accounting described in Note 1.

In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major governmental fund, and the aggregate remaining fund information for Kenton County, Kentucky, as of June 30, 2006, and the respective changes in financial position, thereof for the year then ended in conformity with the basis of accounting described in Note 1.

The management's discussion and analysis and budgetary comparison information are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Kenton County, Kentucky's basic financial statements. The accompanying supplementary information, combining fund financial statements, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations, and is not a required part of the basic financial statements. The combining fund financial statements and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

In accordance with Government Auditing Standards, we have also issued our report dated November 7, 2007 on our consideration of Kenton County, Kentucky's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

To the People of Kentucky
Honorable Steven L. Beshear, Governor
Jonathan Miller, Secretary
Finance and Administration Cabinet
Honorable Ralph Drees, Kenton County Judge/Executive
Members of the Kenton County Fiscal Court

Based on the results of our audit, we present the accompanying schedule of findings and questioned costs, included herein, which discusses the following report comments:

- 2006-1 The County Judge/Executive Should Receive His Statutory Maximum
- 2006-2 The County Should Secure A Contract Between Themselves And Other Governmental Entities For Whom County Employees Are Performing Financial Services

**KENTON COUNTY
MANAGEMENT'S DISCUSSION AND ANALYSIS
FYE 6/30/06**

The management of Kenton County, Kentucky offers readers of Kenton County's financial statements this narrative overview and analysis of the financial activities of Kenton County for the fiscal year ended June 30, 2006. We encourage readers to consider the information presented here in conjunction with other information that we have furnished in our letter of transmission and the notes to the financial statements.

Financial Highlights

At the close of the current fiscal year, the Kenton County balance sheet reported fund balances of \$18,007,762; of this amount \$551,083 is reserved for encumbrances, leaving an unreserved fund balance of \$17,456,679 available for spending at the government's discretion.

In its enterprise fund (the Golf Fund), cash and cash equivalents were \$262,694 with total assets of \$4,935,996.

Kenton County's total net assets were \$72,413,509 as of June 30, 2006, an increase of \$3,255,767 over the previous year.

In its governmental activities, Kenton County's total indebtedness at the close of fiscal year June 30, 2006 was \$41,200,000, a reduction of \$2,545,000 from 2005.

Overview of the Financial Statements

This management discussion and analysis is intended to serve as an introduction to Kenton County's basic financial statements. Kenton County's basic financial statements are comprised of three components: 1) government wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

With the implementation of GASB 34 reporting requirements it has been determined that Kenton Housing, Inc. (dba Rosedale Manor Nursing Home) is a component unit of the county and Kenton Housing, Inc. is discretely presented in the county's financial statements. Because Kenton Housing, Inc. has a different fiscal year from the county and their financial records are on a modified accrual basis, as is the Kenton County Golf Course, the State Auditor has issued a "Qualified Opinion" on these audits simply because of the different accounting method. **This opinion is not a reflection on the financial condition of Kenton County or the presentation of its financial statements.** The county uses the cash basis of accounting as prescribed by the Kentucky State Local Finance Officer in accordance with KRS 68.210.

Overview of the Financial Statements (Continued)

Government-wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of Kenton County's finances, in a manner similar to a private-sector business.

The *Statement of Net Assets* presents information on all of Kenton County's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of Kenton County is improving or deteriorating.

The *Statement of Activities* presents information showing how the government's net assets changed during the fiscal year. All changes in net assets are reported on a modified cash basis of accounting. Basis of accounting is a reference to when financial events are recorded, such as the timing for recognizing revenues, expenses, and related assets and liabilities.

Under the county's modified cash basis of accounting, revenues and expenses and related assets and liabilities are recorded when they result from a cash transaction, except for the recording of depreciation expenses on capital assets in the government-wide financial statements for all activities and in the fund financial statements for the proprietary fund financial statements.

As a result of the use of this modified cash basis of accounting, certain assets and their related revenues (such as amounts billed for services provided, but not collected) and accounts payable (expenses for goods and services received but not paid) or compensated absences are not recorded.

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). Kenton County's governmental activities include general governmental, protection to persons and property, roads, recreation, and social services. The County has one business type activity - the operation of three county golf courses.

The government-wide financial statements include not only Kenton County itself (known as the primary government), but also legally separate entities, which have a significant operational or financial relationship with the County. Kenton County has two such entities, the Kenton County Golf Course Fund that is presented as a blended component unit and Rosedale Manor Nursing Home presented as a discrete component unit.

Overview of the Financial Statements (Continued)

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Kenton County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Kenton County can be divided into two broad categories: *governmental funds* and *proprietary funds*.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current inflows and outflows of resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's current financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's current financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Kenton County maintains five major governmental funds. Information is presented separately in the governmental fund balance sheet and in the government fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Road Fund, Jail Fund, Occupational License Tax Fund (COLT), and Debt Service Fund, all of which are considered major funds by the County. Local Government Economic Assistance Fund (LGEA), Community Development Block Grant Fund (CDBG), Special Police Fund, Jail Canteen Fund, and the Bond Proceeds Fund are considered non-major funds and are represented in a combined form.

Kenton County adopts an annual appropriated budget for its major governmental funds. A budgetary comparison statement has been provided for each of these funds to demonstrate compliance with their budgets.

Proprietary Funds. Proprietary funds provide the same type of information as the business-type activities column on the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Kenton County Golf Course.

Financial Analysis of the County's Funds.

As noted earlier, Kenton County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds Overview. The focus of Kenton County governmental funds is to provide information on current inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the June 30, 2006 fiscal year, the combined ending fund balance of County governmental funds was \$18,007,762. Of this amount, \$551,083 is reserved for encumbrances. The remaining is available as working capital and for current spending in accordance with the purposes of the specific funds.

Financial Analysis of the County's Funds. (Continued)

The County has five major governmental funds. These are 1) General Fund; 2) Road Fund; 3) Jail Fund; 4) Occupational License Tax Fund; 5) Debt Service Fund. There are five non-major funds. They are the Local Government Economic Assistance Fund, Community Development Block Grant Fund, Special Police Fund, Jail Canteen Fund, and the Bond Proceeds Fund.

1. The General Fund is the chief operating fund of Kenton County. At the end of the June 30, 2006 fiscal year, the unreserved fund balance of the General Fund was \$5,263,314. As a measure of liquidity, it is useful to compare unreserved fund balance to total fund expenditures and this balance represented 34.08% of the total General Fund expenditures.
2. The Road Fund is the fund related to county road and bridge construction and maintenance. The Road Fund required a transfer of \$4,120,852 from the General Fund for operations and had a balance of \$1,423,566 at year-end.
3. The Jail Fund is used to account for the operation of the County's detention center. The General Fund supplements jail operations with budget transfers; therefore, the Jail Fund balance of \$790,164 should be treated as excess General Fund transfers. Transfers of \$4,000,000 to the Jail Fund is very high and continues to be an ever-increasing burden on the County's General Fund.
4. The Occupational License Tax Fund accounts for the receipt of payroll and net profit license fees. These funds provide for mass transit, mental health/mental retardation, senior services, nursing, and health care and debt service on the county parking garage. KENTON COUNTY
NOTES TO FINANCIAL STATEMENTS

June 30, 2006

Note 1. Summary of Significant Accounting Policies

A. Basis of Presentation

The County presents its government-wide and fund financial statements in accordance with a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis of accounting, assets, liabilities, and related revenues and expenditures are recorded when they result from cash transactions, with a few exceptions. This modified cash basis recognizes revenues when received and expenditures when paid. Notes receivable are recognized on the Statement of Net Assets, but notes receivable are not included and recognized on the Balance Sheet - Governmental Funds. Property tax receivables, accounts payable, compensated absences, and donated assets are not reflected in the financial statements. However, financial statements of the Kenton County Golf Course, an enterprise fund, and Kenton Housing, Inc. a discretely presented component unit, are prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Encumbrances lapse at year-end and are not reflected on the Statement of Net Assets and Statement of Activities; however, encumbrances are reflected on the Balance Sheet - Governmental Funds as part of the fund balance (Reserved for Encumbrances).

The State Local Finance Officer does not require the County to report capital assets and infrastructure; however, the value of these assets is included in the Statement of Net Assets, and the corresponding depreciation expense is included on the Statement of Activities.

B. Reporting Entity

The financial statements of Kenton County include the funds, agencies, boards, and entities for which the fiscal court is financially accountable. Financial accountability, as defined by Section 2100 of the Governmental Accounting Standards Board (GASB) Codification of Governmental Accounting and Financial Reporting Standards, as amended by GASB 14 and GASB 39, was determined on the basis of the government's ability to significantly influence operations, select the governing authority, participate in fiscal management and the scope of public service. Consequently, the reporting entity includes organizations that are legally separate from the primary government. Legally separate organizations are reported as component units if either the county is financially accountable or the organization's exclusion would cause the County's financial statements to be misleading or incomplete. Component units may be blended or discretely presented. Blended component units either provide their services exclusively or almost entirely to the primary government, or their governing bodies are substantively the same as the primary government. All other component units are discretely presented.

Blended Component Units

The following legally separate organization provides its services exclusively to the primary government, and the fiscal court is able to impose its will on this organization. This organization's balances and transactions are reported as though they are part of the county's primary government using the blending method.

The Fiscal Court has access to the Corporation's resources, is legally obligated to finance the debts, or provide financial support to the corporation. The Corporation is financially accountable to the Fiscal Court. This component unit is blended within the financial statements of the County.

Kenton Housing, Inc.

Kenton Housing, Inc. (Rosedale Manor Nursing Home) is a discretely presented component unit. The land and the building are the property of Kenton County Public Properties. They are made available to the Facility so that long-term care is available in Kenton County.

NOTES TO FINANCIAL STATEMENTS

D. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Assets and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government and its non-fiduciary component units. For the most part, the effect of interfund activities has been removed from these statements. Governmental activities normally are supported by taxes and intergovernmental revenues. Business-type revenues come mostly from fees charged to external parties for goods and services. Fiduciary funds are not included in these financial statements due to the unavailability of fiduciary funds to aid in the support of government programs.

The Statement of Net Assets presents the reporting entity's non-fiduciary assets and liabilities, the difference between the two being reported as net assets. Net assets are reported in three categories: 1) invested in capital assets, net of related debt - consisting of capital assets, net of accumulated depreciation and reduced by outstanding balances for debt related to the acquisition, construction, or improvement of those assets; 2) restricted net assets - resulting from constraints placed on net assets by creditors, grantors, contributors, and other external parties, including those constraints imposed by law through constitutional provisions or enabling legislation; and 3) unrestricted net assets - those assets that do not meet the definition of restricted net assets or invested in capital assets.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; 2) operating grants and contributions; and 3) capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Internally dedicated resources such as taxes and unrestricted state funds are reported as general revenues.

Generally and except as otherwise provided by law, property taxes are assessed as of January 1, levied (mailed) October 1, due at discount October 31, due at face value December 31, delinquent January 1 following the assessment, and subject to lien and sale the 1st Tuesday in April following the delinquency date.

Funds are characterized as either major or non-major. Major funds are those whose assets, liabilities, revenues, or expenditures/expenses are at least ten percent of the corresponding total (assets, liabilities, etc.) for all funds or type (governmental) and whose assets, liabilities, revenues or expenditures/expenses are at least five percent of the corresponding total for all governmental and enterprise funds combined. The fiscal court may also designate any fund as major.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. Major individual governmental funds and major enterprise funds are reported as separate columns in the financial statements.

D. Government-wide and Fund Financial Statements (Continued)

Governmental Funds

The primary government reports the following major governmental funds:

General Fund - This is the primary operating fund of the fiscal court. It accounts for all financial resources of the general government, except where the Governor's Office for Local Development requires a separate fund or where management requires that a separate fund be used for some function.

Road Fund - This fund is for road and bridge construction and repair. The primary source of revenue for this fund is state payments for truck license distribution, municipal road aid, and transportation grants. The Governor's Office for Local Development requires the fiscal court to maintain these receipts and expenditures separately from the General Fund.

Jail Fund - The primary purpose of this fund is to account for the jail expenses of the County. The primary sources of revenue for this fund are reimbursements from the state and federal government, payments from other counties for housing prisoners, and transfers from the General Fund. The Governor's Office for Local Development requires the fiscal court to maintain these receipts and expenditures separately from the General Fund.

Occupational License Tax Fund - The primary purpose of this fund is to account for the collection of occupational license and payroll taxes.

Debt Service Fund- The purpose of this fund is to account for payments of bonds and capital leases.

The primary government also has the following non-major funds: Local Government Economic Assistance Fund, Community Development Block Grant Fund, Special Police Fund, Jail Canteen Fund, and the Bond Proceeds Fund.

Special Revenue Funds:

The Road Fund, Jail Fund, Occupational License Tax Fund, Bond Proceeds Fund, Local Government Economic Assistance Fund, Community Development Block Grant Fund, Special Police Fund, and the Jail Canteen Fund are presented as special revenue funds. Special revenue funds are to account for the proceeds of specific revenue sources and expenditures that are legally restricted for specific purposes.

Debt Service Fund:

The Debt Service fund is used to account for the accumulation of resources for and the payment of general long-term debt principal and interest.

Proprietary Funds

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with proprietary funds' principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The principal operating revenues of the county's enterprise fund are charges to customers for sales at the Kenton County golf courses. Operating expenses for the enterprise fund include the cost of sales and services, administrative expenses, and depreciation on capital assets.

The primary government reports the following major proprietary fund:

Kenton County Golf Course – The statements presented in this report are prepared on the accrual basis, whereby revenues are recognized when they are earned and expenses are recognized when they are incurred.

Internal Service Fund

The primary government reports the following internal service fund:

Health Insurance Fund - The Fiscal Court maintains this internal service fund to account for the health insurance provided to employees.

Fiduciary Funds

Fiduciary funds report only those resources held in a trust or custodial capacity for individuals, private organizations, or other governments. The primary government reports the following fiduciary funds:

Kenton County/Cities Tax Collection Fund - This fund accounts for payroll taxes received from businesses and remitted to the local cities and other county funds.

Jail Inmate Fund - This fund accounts for funds received from inmates after incarceration.

Flexible Spending Accounts Fund - This fund accounts for funds received from employees for their flexible spending accounts.

Presentation of Component Units

The financial statements present the following major discretely presented component unit: Kenton Housing, Inc.

It is reported on the Statement of Net Assets and the Statement of Activities in a separate total column that is labeled as Kenton Housing, Inc. to emphasize this organization's separateness from the fiscal court's primary government.

NOTES TO FINANCIAL STATEMENTS

(Continued)

Note 1. Summary of Significant Accounting Policies (Continued)

E. Deposits and Investments

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, certificates of deposit, and short-term investments with original maturities of three months or less from the date of acquisition.

KRS 66.480 authorizes the County to invest in the following, including but not limited to, obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

F. Capital Assets

Capital assets, which include land, non-dependable land improvements, depreciable land improvements, buildings, furniture and office equipment, building improvements, machinery, equipment, and infrastructure assets (roads and bridges) that have a useful life of more than one reporting period based on the government's capitalization policy, are reported in the applicable governmental or business-type activities of the government-wide financial statements. Such assets are recorded at historical cost or estimated historical cost when purchased or constructed.

Cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized. Land and Construction In Progress are not depreciated. Interest incurred during construction is not capitalized. Capital assets and infrastructure are depreciated using the straight-line method of depreciation over the estimated useful life of the asset.

| | Capitalization Threshold | Useful Life (Years) |
|-------------------------------------|-----------------------------|------------------------|
| Land Improvements | \$ 25,000 | 10-60 years |
| Buildings and Building Improvements | \$ 50,000 | 10-75 years |
| Machinery and Equipment | \$ 10,000 | 3-15 years |
| Vehicles | \$ 10,000 | 3-15 years |
| Infrastructure | \$ 25,000 | 10-50 years |

G. Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable financial statements. The principal amount of bonds, notes, and financing obligations are reported.

In the fund financial statements, governmental fund types recognize bond interest, as well as bond issuance costs when received or when paid, during the current period. The principal amount of the debt and interest are reported as expenditures. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures. Debt proceeds are reported as other financing sources.

NOTES TO FINANCIAL STATEMENTS
June 30, 2006
(Continued)

Note 1. Summary of Significant Accounting Policies (Continued)

H. Fund Equity

In the fund financial statements, the difference between the assets and liabilities of governmental funds is reported as fund balance. Fund balance is divided into reserved and unreserved components, with unreserved considered available for new spending. Unreserved fund balances may be divided into designated and undesignated portions. Designations represent fiscal court's intended use of the resources and should reflect actual plans approved by the fiscal court.

Governmental funds report reservations of fund balance for amounts that are legally restricted by outside parties for use for a specific purpose, long-term receivables, and encumbrances.

"Reserved for Encumbrances" are purchase orders that will be fulfilled in a subsequent fiscal period. Although the purchase order or contract creates a legal commitment, the fiscal court incurs no liability until performance has occurred on the part of the party with whom the fiscal court has entered into the arrangement. When a government intends to honor outstanding commitments in subsequent periods, such amounts are encumbered. Encumbrances lapse at year-end and are not reflected on the Statement of Net Assets and Statement of Activities; however, encumbrances are reflected on the Balance Sheet - Governmental Funds as part of the fund balance.

I. Budgetary Information

Annual budgets are adopted on a cash basis of accounting and according to the laws of Kentucky as required by the Governor's Office for Local Development.

The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the Governor's Office for Local Development. Expenditures may not exceed budgeted appropriations at the activity level.

The Health Insurance Fund was not budgeted as health insurance premiums are budgeted in the other County funds. The Kenton County/Cities Tax Collection Fund was not budgeted as the County portion is budgeted in the Occupational License Tax Fund. The Jail Canteen Fund is not budgeted, as the County is not required to approve those expenditures. The Special Police Fund is not budgeted as those expenditures are budgeted and paid through the General Fund. The funds are then transferred from the Special Police Fund. The Bond Proceeds Fund is not budgeted as those funds are also budgeted through other funds and then transferred out of the Bond Proceeds Fund.

NOTES TO FINANCIAL STATEMENTS

Note 2. Deposits and Investments

A. Deposits

The primary government and component units maintained deposits of public funds with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC) as required by KRS 66.480(1)(d). According to KRS 41.240(4), the depository institution should pledge or provide sufficient collateral which, together with FDIC insurance, equals or exceeds the amount of public funds on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the county and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution. These requirements were met.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a depository institution failure, the government's deposits may not be returned. The government does not have a deposit policy for custodial credit risk but rather follows the requirements of KRS 41.240(4). As of June 30, 2006, all deposits were covered by FDIC insurance or a properly executed collateral security agreement.

B. Investments

As of June 30, 2006, the County had the following investments:

See the chart above for investments that exceed five percent or more of the total investments for the County.

Custodial Credit Risk. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments held in the possession of an outside party. The County does not have an investment policy for custodial credit risk. As of June 30, 2006, the County's investments were not exposed to custodial credit risk.

Historical cost of infrastructure placed in service prior to the fiscal year ended June 30, 2004 (year of GASB 34 implementation) is an estimate. For those assets, the primary government estimated the year infrastructure was built by determining when a major reconstruction had been done on infrastructure. This estimate was used to calculate the infrastructure historical cost by determining current year construction cost and deflating it back to the estimated year of construction or reconstruction. Estimated infrastructure historical cost includes infrastructure placed in service from fiscal year 1984 through the current fiscal year. All infrastructure assets placed in service during the fiscal year ended June 30, 2003 and thereafter are recorded at actual historical cost.

B. FINDINGS - FINANCIAL STATEMENT AUDIT

STATE LAWS AND REGULATIONS

2006-1 The County Judge/Executive Should Receive His Statutory Maximum

The County Judge/Executive only received a salary for the first three pay periods in 2005. On February 22, 2005, the Fiscal Court passed Resolution 05-04. This resolution granted the request of the Judge/Executive to voluntarily reduce his level of compensation to \$1 per year for an indeterminate period of time, and that balance of his salary shall be approved for the establishment of a Community Improvement Grant Program in the office of the County Judge/Executive from which grant awards will be made for projects to provide direct benefit to the citizens of Kenton County, a record of which shall become a part of the Claims List for review when grants are awarded. Therefore, the Judge/Executive received a salary of \$8,833 for the calendar year 2005 and \$1 for the fiscal year ended June 30, 2006. To date, he still does not take a salary directly. KRS 64.535 requires that the Judge/Executive receive a monthly salary of one-twelfth (1/12) of the amount indicated by the salary schedule in KRS 64.5275. Based on this schedule, the County Judge/Executive was underpaid \$74,207 for the calendar year 2005 and his entire salary of \$89,978 (less \$1) for calendar year 2006. We recommend the Fiscal Court pay the Judge/Executive the amount owed him and that they comply with this statute in the future. This statute cannot be overridden through a Fiscal Court Resolution. The Judge should receive his salary with the proper deductions and contributions to retirement. He then can donate whatever he wishes to the Community Improvement Grant Program.

County Judge/Executive Ralph Drees' Response: Judge advises – put it in the audit.

B. FINDINGS - FINANCIAL STATEMENT AUDIT (Continued)

STATE LAWS AND REGULATIONS (Continued)

2006-2 The County Should Secure A Contract Between Themselves And Other Governmental Entities For Whom County Employees Are Performing Financial Services

It came to the auditor's attention that there are several high level county employees performing financial services for other governmental entities on county time and being compensated by those entities, in addition to receiving their regular county salaries with the additional compensation not being included on their W-2s nor subsequent 1099s being issued.

Upon investigation, we noted that three employees were doing work for the Co-op Extension Center, and one of the three was also doing work for the Northern Kentucky Drug Strike Force and the Linden Grove Cemetery. From fiscal year 2003 through fiscal year 2007, one of the employees received \$3,400 for work on the Co-op Extension Center, another employee received \$18,300 for work on the Co-op Extension Center, and the third employee received \$6,300 for work on the Co-op Extension Center, \$4,260 for work on the Linden Grove Cemetery, and \$31,500 for work on the Northern Kentucky Drug Strike Force. These entities are not affiliated with, nor are they component units of the Kenton County Fiscal Court. However, these employees were using the county's computer system, office space, and resources for their records. We could not determine whether or not the involved employees were working on the county's time since there are no time records to indicate the hours worked for these entities. This situation has not only occurred in the year being audited, but also has occurred in fiscal year 2007 and fiscal year 2008, as well as in the past.

We recommend the county enter into a contract with the involved entities to do this work if county employees and the county data system are to be utilized. We also recommend that no extra compensation be given to county employees for the performance of this work. Any compensation received from these entities should be considered a reimbursement to the county for the use of the county's resources. If county employees work overtime to do this, they should be paid overtime like they would be paid for any other county work. For payments already received in 2007, a 1099 should be issued from these entities to the involved employees. We are referring this matter to the Kenton County Attorney for his determination if further investigation is warranted.

County Judge/Executive Ralph Drees' Response: Issue has been resolved with Northern Kentucky Drug Strike Force and issue has been resolved with Co-op taking over responsibility for their own bookkeeping.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

CRIT LUALLEN
AUDITOR OF PUBLIC ACCOUNTS

The Honorable Ralph Drees, Kenton County Judge/Executive
Members of the Kenton County Fiscal Court

**Report On Internal Control Over Financial Reporting And
On Compliance And Other Matters Based On An Audit Of Financial
Statements Performed In Accordance With Government Auditing Standards**

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Kenton County, Kentucky, as of and for the year ended June 30, 2006, which collectively comprise the County's basic financial statements, as listed in the table of contents and have issued our report thereon dated November 7, 2007. The business-type activities, discretely presented component unit, and the Kenton County Golf Course, a major enterprise fund, were qualified because the financial statements of the Kenton County Golf Course and Kenton Housing, Inc. have been prepared under accounting principles generally accepted in the United States of America. Kenton County presents its financial statements on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. We did not audit the Kenton County Golf Course, a major enterprise fund, or Kenton Housing, Inc., a discretely presented component unit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Kenton County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance And Other Matters

As part of obtaining reasonable assurance about whether Kenton County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts.

Report On Internal Control Over Financial Reporting
And On Compliance And Other Matters Based On An Audit Of Financial
Statements Performed In Accordance With Government Auditing Standards
(Continued)

Compliance And Other Matters (Continued)

However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and which are described in the accompanying schedule of findings and questioned costs.

**REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL
CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

CRIT LUALLEN
AUDITOR OF PUBLIC ACCOUNTS

The Honorable Ralph Drees, Kenton County Judge/Executive
Members of the Kenton County Fiscal Court

Report On Compliance With Requirements
Applicable To Each Major Program And On Internal Control
Over Compliance In Accordance With OMB Circular A-133

Compliance

We have audited the compliance of Kenton County, Kentucky, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2006. Kenton County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Kenton County's management. Our responsibility is to express an opinion on Kenton County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Kenton County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Kenton County's compliance with those requirements.

In our opinion, Kenton County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2006.

Internal Control Over Compliance

The management of Kenton County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Kenton County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Internal Control Over Compliance (Continued)

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of management, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
